### HOW IT'S MADE

---

An energetic range of wines from the Languedoc region, showcasing the best of modern French winemaking. Languedoc is a region with plentiful sunshine that is famous for producing quality wines in abundance. Based in the southwest of Languedoc, in the Aude region, the 40 year old vines thrive on silty / sandy soil. Vines are cordon trained and harvesting takes place in late September. Syrah grapes are de-stemmed and macerated in the tank before being bottled.

### TASTING NOTES

---

Enticing aromas of juicy cherry, plum and blackberry. The palate is succulent and spicy with mouthfuls of lush, ripe berry fruit flavors with a touch of coffee and spice.

---

### FOOD MATCH

Eat with classic French casseroles or grilled beef or lamb.
