Screwcap

100% Chardonnay

HOW IT'S MADE

An energetic wine from the Vin de France region, showcasing the best of modern French winemaking. Vin de France is a region full of sunshine that is famous for producing quality wines in abundance. We've blended Chardonnay from Gascony for purity and freshness with Chardonnay from Pays d'Oc for varietal character and texture. By blending these two, we've taken the best from each region to create a harmonious unoaked Chardonnay.

TASTING NOTES

Very pure and bright with an attractive orange blossom nose. Zesty acidity is nicely complemented with some richness and peach notes on the palate.

FOOD MATCH

Classically served with fish or salads. Or enjoy chilled on it's own as a refreshing alternative to richer oaked styles of Chardonnay.
