

Cuvée Jean Paul Rouge, 2016

Samantha Bailey

Located in the Southern Rhône valley, the surrounding vineyards, villages and appellations are Gigondas, Cairanne and Séguret. Even with higher yields than the appellation contrôlée vineyards, the fruit is still indelibly stamped Rhône.

FHW001	Vaucluse	Vaucluse, France
Red	13%	Screwcap
60% Grenache, 15% Syrah, 15% Cinsault, 10% Merlot		

HOW IT'S MADE

Vinified from Grenache and Syrah grapes harvested in the Vaucluse area of the Southern Rhône, the grapes are put in fermentation vats and cooled in order to slow the fermentation process and gain immediate fruit flavors. Maceration lasts between 5 to 10 days before pneumatic pressing occurs.

TASTING NOTES

A classic Rhone red with sweet rich juicy fruit and that hallmark spice of Grenache. Syrah offers textured plum and strawberry that rounds out the palate. Uncomplicated, medium bodied and very drinkable, yet serious enough for food.

FOOD MATCH

Drink with hearty foods such as grilled meats and casseroles.
